"We have had many magicians come to our center and to find one that can adapt to the variety of age groups can be rather difficult to find! Brian Richards did such a great job with this! **He modified each of his performances to the ability and age group of the children.** He was reliable and here on time. He was respectful of the schedule we had set in place, and we all know how important it is to stay on schedule with little ones! Brian also did a great job with his performance. The children were engaged the entire time and laughing non-stop." - **Krystal Reiersen, The Cradle Club**
